

Jo Fernandez

***Terrain* – The Corner Store Gallery**

April 12 - 23

Jo Fernandez is a landscape artist living in the historic village of Millthorpe, in the NSW Central Tablelands. Her work is inspired by the landscape of the region - the expanses of land and sky, the distinct seasons and their impact on light and colour.

Jo seeks elements within the landscape that she responds to emotionally. She isolates what she considers to be the core significance using colour and tone to accentuate nature. Her use of glazing - applying thin layers of transparent oil paint - results in a luminosity in the finished works. Jo's paintings convey the transient quality of light and atmosphere. They are an invitation to pause and reflect.

Jo has been exhibiting with The Corner Store Gallery since 2019, after being selected as a finalist in the Landscape Group Exhibition, and held her inaugural solo exhibition *Mostly Cloudy* in 2022.
