

Pennie McKibbin

***Terrain* – The Corner Store Gallery**

April 12 - 23

Pennie McKibbin lives in the Central Tablelands south of Bathurst. She is surrounded by beautiful landscapes, be it the mountains to the east or the hills and valleys by the Fish and Campbell's Rivers. *"I feel so lucky to live in such an amazing place"*.

Pennie is inspired by the amazing lights and colours throughout the day, especially late in the evening or when there is an approaching storm.

Her background training was colour and design, and these qualities have always been with her. Pennie started making art 25 years ago with pastels moving into acrylic paints 10 years ago.

"I love the instant impact and sense freedom I feel when painting with acrylics. I am very grateful for having worked and volunteered in galleries where I've met so many wonderful artists who have been a great inspiration to me." – Pennie McKibbin.
